Please see below having agreed to the conditions I am happy to withdraw my representation on the application for a premises licence.

it has been agreed where possible that management instruct the delivery drivers to park the vehicles at the front of the business to prevent noise issues from vehicles starting or idling from causing an issue to nearest residential properties.

Kind regards

Hi Richard,

Thank you for your email.

I can confirm that my client accept the conditions in your email this morning as follows:

3. Guidance to drivers to switch off engines during collections from the store and servicing, and to minimise other noise caused by their activities.

4. Noise and vibration shall not be permitted to emanate from or transmit through the premises so as to cause a public nuisance to the occupiers of nearby and/or adjoining properties.

I should be grateful if you could please confirm that this will enable you to withdraw your representations.

I look forward to hearing from you.

Kind regards,

Walaiti
