

Meeting of:	<b>Public Protection Licensing Committee</b>
Date of Meeting:	<b>Tuesday, 29 April 2025</b>
Relevant Scrutiny Committee:	Homes and Safe Communities
Report Title:	Application to waive age policy guidelines for licensing of private hire vehicle
Purpose of Report:	To determine an application for the grant of a vehicle which falls outside the current age policy guidelines approved by the Public Protection Licensing Committee
Report Owner:	Miles Punter, Director of Environment and Housing
Responsible Officer:	Julia Richardson, Licensing Enforcement Officer
Elected Member and Officer Consultation:	None
Policy Framework:	This is a matter for decision by the Public Protection Licensing Committee
Executive Summary: <ul style="list-style-type: none"> <li>The Public Protection Licensing Committee has adopted age policy guidelines which detail how old vehicles can be when first licensed as a hackney carriage or a private hire vehicle. This application for the grant of a hackney carriage licence falls outside the policy and therefore the Committee are asked to determine the application.</li> </ul>	

## Recommendations

1. It is recommended that having regard to the report, the Age Policy Guidelines adopted by the Public Protection Licensing Committee and any representations made by Taxi 4 Rent, that the Committee determine the application.

## Reasons for Recommendations

1. The application falls outside the Age Policy Guidelines for the grant of a Hackney Carriage Vehicle Licence.

### 1. Background

- 1.1 It is the duty of the Local Authority to determine applications made under the Local Government (Miscellaneous Provisions) Act 1976 and Town Police Clauses Act 1947. These applications are referred to the Licensing Sub-Committee for determination because the application falls outside the policy guidelines.
- 1.2 The Age Policy Guidelines were approved by the Public Protection Licensing Committee on 2 July 2019 and detail that a vehicle must be under 6 years old at the time of first registration. Vehicles older than this can continue to be licensed provided a renewal application is submitted before the expiry of licence and vehicle testing at the Alps garage is successful (there must be no break in licence).
- 1.3 This application for the Grant of a Hackney Carriage Vehicle is made under Section 46 of the Local Government (Miscellaneous Provisions Act) 1976.

### 2. Key Issues for Consideration

- 2.1 On 21 March 2025, Taxi 4 Rent submitted an application to renew Hackney Carriage Vehicle Licence HC059, however as the vehicle licence had expired on 12 February 2025, they were unable to renew the licence and instead the application was treated as an application for the grant of a Hackney Carriage Vehicle Licence.

They have advised that a new engine has been ordered and request that the Licensing Authority consider licensing the vehicle again. The full request from Taxi 4 Rent is detailed in **Appendix B**.
- 2.5** Pictures of the exterior of the vehicle taken on 27 March 2025 by Licensing Enforcement Officers are detailed in **Appendix C**. The keys were not available on this date and therefore no pictures of the interior were taken.
- 2.6** The vehicle presented damage on the off-side bonnet during the inspection which can be seen in Photo 8 of **Appendix C**.
- 2.7** Pictures of the interior of the vehicle which were provided by Mr Ahmed on 10 April 2025 are detailed in **Appendix D**.
- 2.8** If members are minded to grant the application, the vehicle will proceed to testing at the Alps Garage. A licence would only be issued upon the completion of a successful test.

**Subject:** RE: HC059 - Application being referred to Committee

Good afternoon Julia,

Please see below statement

The vehicle's license was not renewed upon its expiration due to unforeseen engine problems that arose unexpectedly. I understand that this situation has placed the vehicle outside of the age policy, which complicates matters. However, I want to assure you that I am taking proactive steps to address the issue.

I have ordered a new engine for the vehicle, and it is scheduled to arrive in three weeks. Once the new engine is installed, I believe the vehicle will be in good working condition and able to comply with all necessary regulations.

In light of these circumstances, I kindly ask you to consider the possibility of re-licensing the vehicle. Your assistance in this matter would be greatly appreciated.

Kind regards  
[REDACTED]
