

Performance and governance of principal councils

Statutory guidance on Part 6, Chapter 1, of the Local Government and Elections (Wales) Act 2021

New Performance Requirements

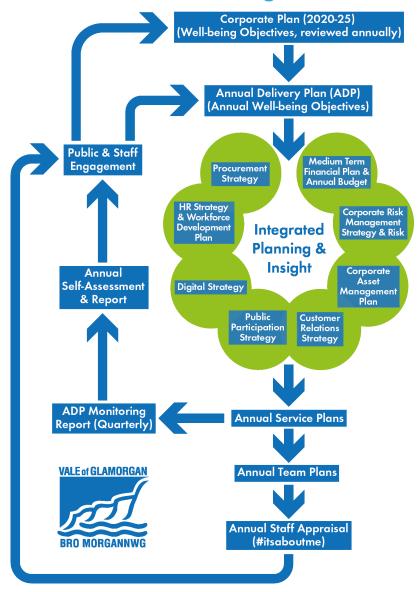

- Keep performance under review (section 89)
- Consult on performance (section 90)
- Report on performance through selfassessment (section 91)
- Arrange a panel assessment of performance at least once during an election cycle (section 92)
- Respond to a panel performance assessment report (section 93)

Annual Self-Assessment Purpose

'Embedding a culture of evidence based and outcome focused performance, self-reflection and challenge to secure continuous improvement'

- ► To meet our performance requirements, annually we will come to a judgement and report on how well the Council is:
 - exercising its functions effectively (How well are we doing things?)
 - using its resources economically, efficiently and effectively (Are we providing value for money?)
 - governing itself (How well are we run?) and
 - we will identify what and how we can do better?

How it all fits together

Context of our Performance Ratings/Judgements

ADP Performance Assessment

An overall rating of 'Green' against the Annual Delivery Plan 2021/22 means that:

We have successfully delivered over 85% of agreed commitments and associated performance measures in our ADP which, puts us well on track to achieve the key priorities relating to our Well-being Objectives and the medium term Corporate Plan priorities.

ADP Themes Performance

An overall rating of 'Green' against the ADP themes (of tackling Climate Change through Project Zero, responding to the cost-of-living crisis; providing care and support; involving our communities, improving our infrastructure and transforming how we work) means that:

We have successfully delivered the majority of commitments contributing to all six ADP themes. These represent some of our most significant challenges for the foreseeable future.

Use of Resources

An overall rating of 'Good' for how we are using our resources (including people, assets, finance (including procurement and commissioning), engagement insight, performance and risk management means that:

- Across our services we can demonstrate that we have used resources in ways that put us in a strong position to improve performance and secure improvements for the future.
- We can demonstrate delivery of our ADP commitments for the year against a backdrop of increased demand and significant resource challenges.
- We can demonstrate our understanding and examples of application of the sustainable development principle and are working to consistently embed these approaches in planning, decision making and in operating resources to meet our Well-being Objectives.
- We can demonstrate robust mechanisms/practices in place that enable us to operate our resources economically, efficiently, effectively and equitably.

Governance, Risk management and Internal Control Effectiveness

A judgement of 'reasonable assurance' from the Head of Internal Audit means that:

There is reasonable assurance that there are no major weaknesses in our risk management, governance and control processes, based on review, assessment and ongoing monitoring. An Internal Audit Opinion of 'substantial and reasonable assurance' has been given to 84% of risk-based reviews undertaken in-year testing the effectiveness of the internal control environment.
