At its meeting held on 3rd March, 2025, the former Learning and Culture Scrutiny Committee received a report outlining work being done by the Central South Consortium (CSC) to improve reading across schools in the Vale of Glamorgan.

During the debate it was highlighted that data on pupil attainment levels could only be accessed by schools and could not be shared further with the Scrutiny Committee, the CSC or the Learning and Skills Directorate of the Council.

The Scrutiny Committee considered that the sharing of this data was vital for the Council to assess pupil progress and to identify areas requiring improvement, and it therefore agreed for the Chair to write to the Welsh Government Cabinet Secretary requesting that the decision to restrict access to data of this kind be reviewed and changed, so that the Council and improvement bodies such as the CSC could have full access to data which would assist with the primary objective of improving the levels of attainment of pupils across Wales.
